

Joanne Renton

Financial Controller

Joanne Renton is a qualified chartered accountant with 20 years' experience in providing strategic leadership, financial management and reporting, business partnering, and process improvement across the commercial and not-for-profit sectors.

Joanne joined GIVIT as Financial Controller in 2022, managing the financial and human resource operations of the organisation including payroll and purchasing teams.

Joanne has held previous financial operations roles with not-for-profit organisation Relationships Australia as well as positions within financial institutions in the United Kingdom.

She is a member of the Institute of Chartered Accountants in England and Wales (ICAEW) and holds a Bachelor of Science and a Graduate Certificate in Business (Philanthropy and Non-profit Management).

About GIVIT

GIVIT is a not-for-profit donation platform that works with more than 4,600 support organisations around Australia to ensure vulnerable people get what they need when they need it most. This includes people recovering from an emergency event, or experiencing hardship due to circumstances such as drought, domestic and family violence, homelessness, disability, and mental health.

Through GIVIT.org.au, offers of goods and services are captured online, removing the need for charities and services to sort, store and dispose of unrequested donations, saving valuable resources. 100% of donated money received by GIVIT to support people in need are used to purchase essential items and services.
